

Physical Chemistry Experiment (application-oriented institutions. the national chemistry curriculum textbooks)

Filesize: 3.03 MB

Reviews

It is really an awesome pdf that I actually have actually study. It really is basic but excitement from the 50 % of the publication. I am delighted to inform you that here is the greatest book i have read through within my individual existence and can be he finest publication for actually.

(Mrs. Yasmine Crona)

PHYSICAL CHEMISTRY EXPERIMENT (APPLICATION-ORIENTED INSTITUTIONS. THE NATIONAL CHEMISTRY CURRICULUM TEXTBOOKS)

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 160 Publisher: Huazhong Pub. Date :2011-08-01 1 1st print version 2011-08-01 by Ann from Jun editor of Physical Chemistry Experiment is divided into seven parts. including: Introduction. basic experiment. a comprehensive experimental. design of experiments. experimental techniques. several commonly used instrument works and how to use. appendix. This book is rich in content. easy to understand. relevant and practical. strong. and most of the schools selected have the ability to test out. Contents: Chapter 1 Introduction Section I The purpose of physical and chemical experiments and requirements of Section II of the security of physical chemistry experiment Physical Chemistry Section IV experimental error analysis of experimental data to express physical and chemical methods of Chapter I of chemical-based experiment Thermodynamics Experiment 1 water bath device assembly and performance testing Experiment 2 Determination of the molar heat of combustion heat of solution of the determination of Experiment 3 Experiment 4 Experiment 5 static differential thermal analysis method for the determination of liquid saturated vapor pressure of the Department of Experimental six pairs of gas-liquid-liquid equilibrium 7 Binary phase diagram of experimental mapping of the metal phase three-component test 8 test 9 phase mapping method for the determination of urea to reduce the freezing point of 10 experimental molar mass determination of acetic acid ionization equilibrium constant of methyl red test 11 Determination of the ionization equilibrium constant 12 experiments with compounds of the composition and stability constant determination of the electrochemical experiment experimental determination of electromotive force 13 of the original 14 Hittorf experimental determination of hydrogen ion transport number experiments 15 the determination of potential super-conductivity titration experiment 16 concentration of the solution Experiment 17 Chemical Kinetics...
